1 Litre Apple Cider Vinegar

£3.50

1 Litre Apple Cider Vinegar - unpasteurised with "Mother" (animal use)

Apple Cider Vinegar (ACV) is a well-known food supplement, water purifier and natural antibiotic made of whole sweet apples, rich in minerals and trace elements. ACV is considered nature's perfect supplement. Our ACV is non-pasteurised so it is literally alive, it contains all the natural goodness and beneficial active enzymes known as "Mother".

ACV is believed to help many conditions including the following

- Fighting infection/Immune System
- Fatigue/Stamina
- Arthritis/Hip Dysplasia
- Stiffness/Muscle Cramp
- Urinary tract infections/Kidney stones
- Metabolism/Weight
- Constipation/Scour/Digestion/Excess gas
- Coat condition/Skin problems/Itching/Ringworm/Fungal infections/Bites/Stings/Improves feathering
- Blood pressure
- Fertility/Birthing
- Mastitis/Cell counts
- Internal/External parasites/Flies
- Intestinal/Faecal odours
- Prevent soft shelled eggs

Other uses

- Prevent alge growth in troughs and drinkers

- Cleaning of animal feeders/drinkers/housing
- Cleaning around the home
- Use when washing animals/birds for shows
- Use as a wash or bath for animals with skin problems
- Fly spray - mix with water or Avon skin so soft and spray on the body

Administration

- Add to feed, water or dilute and use as a drench.
- Do not use in galvanised containers

- 1 litre
- 5 litre
- 5x5 litre (great savings)
- 25 litre

Frequently asked questions

1. **What is the nature of the mother?** - "Mother" forms naturally from pectin and apple residues it appears as molecules of protein connected in strand like chains. As your ACV ages this may become visible to the naked eye as a cobweb like substance.
2. **Since the ACV is unpasteurised is it protected from E.coli?** - ACV does not carry the E.coli bacteria due to the acidity.
3. **Does it need to be refrigerated?** - No but we advise it is stored in a cool place out of direct sunlight.
4. **What is the shelf life?** - ACV has a required official shelf life of 3-5 years.
5. **Is it safe to be given during pregnancy and lactation?** - Yes.
6. **Is it possible to give too much?** - There is no clear limit on how much an individual can or should take.
7. **Is this ACV suitable for human use?** - Our ACV is licensed for human consumption. This ACV is labeled for animal use. We have Apple Cider Vinegar, labeled for human use in the "human" section of this shop, please select the correct one.

Produced for us by an award winning producer in Suffolk. Apple cider vinegar varies in colour depending on the variety of apple it is produced from.
