Supports menopausal symptoms

Femplex contains phytoestrogens, herbals and FoodState nutrients to assist women with the management of the symptoms experienced during menopause. This is the time in a woman's life when menstruation ceases and there is a change in the balance of the hormones which may lead to symptoms such as hot flushes and mood swings.

Femplex should not be used by women who have had breast cancer or liver disease.

Femplex helps in the management of menopausal symptoms such as:

- Hot flushes
- Vaginal dryness
- Emotional disturbances and
- Lack of libido
